There are multiple instances during the course of the year when your child's picture is taken as part of a school and classroom function. In order to use that photograph, the dioceses suggests that we have parental permission. Some of the uses would include:

- Teacher websites

A student's name would never be released with the photos without specific contact and approval from the parent. Please sign indicating your permission/denial of the use of your child's picture by the school.

I will allow my child's photo to be utilized by the school/staff.
